Probability and ergodic theory (PET)

On *Tuesday, May, 12 2015*

At *10:50 – 12:00*

In *Math 101-*

Amir Yehudayoff (Technion)

will talk about

Learning and compression

Abstract: We shall discuss connections between a statistical model for learning (probably approximately correct) and the ability to compress information (sample compression schemes). Joint work with Shay Moran.
